I'm so tired of being alone
I'm so tired of on my own
Won't you help me, girl
Just as soon as you can?

People say that I've found a way
To make you say that you love me
You didn't go for that and it's a natural fact
That I wanna come back, show me where it's at

I'm so tired of being alone
I'm so tired of on my own
Won't you help me, girl
Just as soon as you can?

I guess you know that I, I love you so
Even though you don't want me no more
But listen, I'm cryin' tears, baby, through the years
I tell you like it is, you got to love me if you will

Ooh, baby, baby
I'm so tired of being alone all wrapped up late at night
I'm tired, baby, tired, tired, tired of being alone
Because you see, one thing I've got to tell you

Sometimes I wonder
I wonder if you love me like you say you do
Because, because, because, because

I'm so tired of being alone
I'm so tired of on my own
Won't you help me, girl
Just as soon as you can?

I guess you know that I, I love you so
Even though you don't want me no more
I'm cryin' tears, honey, through the years
I tell you like it is, love me if you will, baby

Love me if you will, honey
Love me if you will, woman
'Cause I'm tired of being alone
