[Verse 1]

The Grimm Reaper will reap so don't sleep or make a peep  
I'm deep I got a shotty and it pumps like a jeep  
As it pump you weep, you're up shits creek  
I'm not pumping De La Soul, I'm pumping little creeps  
With heaps and heaps of lead, like sheep they're lead  
To their deathbed, fed instead of making bread  
Then left dead, ripped to shreds, twist and hanging  
like dreads  
I rest heads with bed like Club Med  
Get wise, realize that sometimes hypnotize  
Emcees who my rhymes and lines that they memorize  
Dropkick dipsticks, built like thick sticks and toothpicks  
I kick ass, quick and sick like a karate flick  
Drop you like a brick you tick  
Flame broiled, I either fry the Burger King on mix  
Thought you dope but you're shit, you dick I stick  
Niggaz up cause I'm a lunatic, my victims are  
handpicked  
You wiped off like lipstick, seasick or homesick  
Pretend I'm dead then beat that ass with a broomstick  
Say one word and yes your ass I'll chase  
That's not gas that's fear in your face  
After words no handshake, you soft like cheesecake  
Tough like beefsteak but sweet like shortcake  
A young star by far that's up to par  
No matter who you are, I'll be ready to spar  
Cause the mic is a crowbar, my rhymes are solar  
Classy like a jaguar, the microphone all-star  
Grimm's a die-hard, chill on the boulevard  
With my bodyguard, who's big like a saint bernard  
It's a war I declare so beware it's unfair  
Cause you can't compare gold to silverware

[Chorus]  
I destroy!

Get the fuck out my path you interfere with me  
Go against me nigga, you don't want no deals with me  
I destroy!  
Get the fuck out my path you interfere with me  
Go against me nigga, you don't want no deals with me  
I destroy!  
Get the fuck out my path you interfere with me  
Go against me nigga, you don't want no deals with me

[Verse 2]

Souls are dead to my demented sentences  
Relentless pain, no Novocain I drill like a dentist  
Couldn't prevent this, hard like cement tape  
Musical weight, leave you hanging like drapes  
I crush microphones like they were grapes  
On tour, I make a lotta papas  
But the words you heard I mend designed and shape  
I bent this track, sent this wack apprentice  
Ass right back, to the drawing board  
He was a joke to the rhyme overlord overlord overlord  
So catch the wave like coke, I just float like a surfboard  
Stomp in the streets, I tear up clubs  
You reach for the mic and I leave you with nubs  
I fry brain cells like a bag of chips  
When the rapper try to flip or even give me lip  
Catch me at my maddest, that's when I write my  
baddest shit  
Then I lock like a pick  
On the paper, sick 'em, another victim  
For the musical raper, rhyme ripper  
Style stripper, nine hipper  
Sharp like a nail clipper  
I'm bigger than both of the dippers  
In very dapper, I'll go deeper than flipper  
But when it come to rappers rappers rappers  
Huh, y'all just little whipper snappers  
So what up, what up, punk shut up!  
Or get your jaw broke like Razor Ruddock  
Aw shit, I'm at it again  
Chasing motherfuckers like I'm Rin Tin Tin  
The final chapter no more laughter  
As I bomb your ass just like the day after  
No nuclear warheads cause instead  
All rhymes are launched by the kid who's fed  
We're infrared to pinpoint the joint  
Or the place of the person I chase face  
So walk and don't try to talk  
When I snub the stalk  
I don't discriminate, Grimm Reaper hates  
All emcees who grab the microphone  
Yes I dislike them whether they're friend or foe

So yo, I start to throw deadly body blows  
Eight punch combos I turn stars into John Does  
So if you see me at a show you better G-O  
And tiptoe your ass out the fucking door  
I film my shows with a handy-cam  
Before I go on I sip some brandy and  
Sprinkle sweet rhymes like the candyman  
And I cripple emcees, I make 'em handyman  
I destroy  
Get the fuck out my path
