Rockin with Han Solo
Ya know
Rockin with Han Solo
Ya know

[MF Grimm]
Can't take it no more
Broke in the window with some kerosene and some
matches
Creeping quiet, silent riot, and then I just
Snuck in the room
As he slept I poured it all over the evil bastard
Strike the match, I lit him up, I held him down
Inhaling the fumes
We're choking from all the smoke in the house but I'm
laughing hard
He fears dying so he's crying, yeah
Proving a point
Burning this house to the ground, yes I'm killing my
master
Release of tension, find redemption, slave rebellion
yell

This ain't no life here
Can't take no more
This ain't no life here
Can't take no more

Slaves in the field
They dance around from the joy cause they see all the
flames
Steps are tribal, greet survival, defeat our rivals yes
House niggas are shields
Some got the color but they are not brothers, they're
traitors
Sell you out to live in the house, at you they're shouting
no
Their fate is sealed
Try to defend master's property then we gonna
Kill you off because you're soft and we don't need your
kind

Weakness revealed
Challenge us you will see we will be the winner
Fuck history, no mystery, this victory's ours
Proving a point
Burning this house to the ground, yes killing my master
Proving a point
Burning this house to the ground, yes killing my master
Proving a point
Burning this house to the ground, yes killing my master
