I make more noise than a chainsaw  
Insane pain caused then drained  
just to give your brain more  
I write rhymes with no strain,  
wet rappers like rain  
Bust caps like John Wayne,  
Shaft or Shane  
To build a name, you came to battle me  
Get crushed like a candy cane or cancelled  
like Fame  
Always maintain, I elevate game  
Grimm use all styles like Sonny Cheeba  
use crane Or drunken monk on a punk  
and leave his ribs sunken  
From given fight, tards get shrunken  
Vocals never shitty just clean,  
an instrumental  
Idi Amin You lip out, I rip out your spleen  
Mine jukes like a Jedi, my right eye's a dead eye  
Fuck a drive-by, do walk-bys or fly-bys  
To the cops I'm the roughest  
I'll put on Starsky and Hutch's on motherfucking crutches  
Put to sleep like a stray  
I'm so fly I'll pull your girl in a Cavalier and Santa Clause sleigh  
No sucker can serve me  
I'll have them running circles like a horse in the fucking Kentucky Derby Competition  
I'm bagging Cause niggas try to preach and teach but full of shit like Jimmy Swaggart  
Fuck him up, give the nigga more, his ass is mine  
Greg Valentine, I throw him in the figure four  
Nothing to lose and all to gain  
My mother thought she was Raising Arizona  
but she end up Raising fucking Cain  
It's not too many fly-er  
Cause I'm cute, but at the same time a 5'9" Michael Myers  
I'm about to make dough and niggas hate it  
I keep my gun at my hip band, the shit is nickel-plated  
Half my life I been called a loser, a bully, abuser  
But now I'm making payments on my name  
So watcha want, nigga? [8x] "So step up if you wanna get hurt"
