Tossin', turnin', dreams of murder, someone's killin'  
me

It changes, there's night, summer on a killin' spree  
All done, cold blood, wakin' up in cold sweats  
This is such a cold world, my conscience getting?  
death threats

Shadows chokin' me, my last breath lets out my body  
It's a conspiracy, my mind  
And my body's not really down with me  
Me against the whole world, it's a little deeper

Me against myself, I fight the grim reaper  
Swing, sickle, I got my glock bust rounds off  
Demented, schizophrenic  
I know this sounds off to you, I do not lie

When I doze off spirits hope I die, whatever  
Angels waste they time, they work together  
Scheme, they plot on me 'cause I'm son of man  
I hear voices from a dog like son of Sam

Don't give a damn if the bullets fill me  
I don't wanna live, I hope they kill me  
Put me out my misery, my life in misery  
I kill all my enemies, 'cause I live comfortably

Those who seek me are called wise men  
Or either wise guys, I pray you comprehend  
And realize I'm condemned

No rest, homicidal dreams  
My cell mate, all he do is scream  
Out loud how he wants to go home  
That's funny, I'm here all alone

Locked in a single cell  
His back's bleedin', he's cold as hell  
And I'm hopin', they turn on some heat  
I call the CO to bring some extra sheets

Where'd he go? He walk through walls

One halls I pray he teach me  
They don't see him at the health try to reach me  
I say, "Please see how he feels"  
They said "He's alright, but he's not real"

Evaluation say I suffer from depression  
Hallucination, self [Incomprehensible] what they  
guessin'  
I'm here doin' years I'm stressin'  
Medicate me, state me, want me to restin?

Don't take it 'cause he said that won't be bested  
He said, I need his help and he needs me  
Nigga you walk through walls, go home you're free

Home, that was far and he was turned off  
'Cause his wings was burned off  
A lesson was learned, communicated with one  
I was chosen 'cause I've got sun

And I'm the retarded one
