Someone is waiting  
Someone who understands exactly how you feel  
Exactly how you feel  
Someone is dreaming  
Someone is hoping just that this will be the day  
That this will be the day  
That you take your eyes off the ground  
Out of the blue  
See that someone is looking right back at you  
Maybe that someone is me  
Maybe it's meant to be a lover  
Strangers sometimes boast for  
Quietly  
Maybe it's chemistry  
Maybe it's hard to see that someone is the right one  
I hope that someone is me  
Nobodys perfect  
Nobodys perfect no one really knows the truth  
All we got a Point of view  
Too many questions  
There's too many questions answer any reasons not to

try

There's too many reasons not to try

But you take your eyes off the ground

Out of the blue

See that someone is looking right back at you

Maybe that's someone me

Maybe it's meant to be a lover

Strangers sometimes boast for

Quietly

Maybe it's chemistry

Maybe it's hard to see

That someone

Is the right one

I hope that someone is me

Where you gonna go from here

Cause everything you need is over there

You can have it if you dare

If you dare

Cause there's someone somewhere

There's someone somewhere

There's someone somewhere

There's is someone somewhere

Maybe that's someone's me

Maybe it's meant to be a lover

Strangers sometimes boastful Quietly
