I want to tell you so
I just can't let you go
You're mine but I'm not sure,
If we're together
Together at all

Oh
I've been waiting for this night to come,
I've been waiting for this night to come
Now I'm standing in the room alone,
Where'd I go wrong?

I know it's hard sometimes,
Finding each others lives
All I can say to you
To take all your chances
The world throws at you

I've been waiting for this night to come
I've been waiting for this night to come
Now I'm standing in the room alone
Where'd I go wrong?

I've been waiting for this night to come
I've been waiting for this night to come
Now I'm standing in the room alone
Where'd I go wrong?

I've been waiting for this night to come
I've been waiting for this night to come
Now I'm standing in the room alone
Where'd I go wrong?

I've been waiting for this night to come
I've been waiting for this night to come
Now I'm standing in the room alone
Where'd I go wrong?

I've been waiting for this night to come
I've been waiting for this night to come
Now I'm standing in the room alone
Where'd I go wrong?
