I count the fallen tears, they fall before my eyes
It seemed like a thousand years since we broke the ties
I call you on the phone but never get a rise
So sit there all alone it's time you realized

I'm not your fool, nobody's fool
I'm no fool, nobody's fool
Never again, no no

You take your road, I'll take mine, the paths have both
been beaten
Searching for a change of pace, life needs to be
sweetened
I scream my heart out just to make a dime
And with that dime I bought your love, now I've
changed my mind

I'm not your fool, nobody's fool
I'm no fool, nobody's fool

I count the fallen tears, they fall before my eyes
It seemed like a thousand years since we broke the
ties, woah, woah

Nobody's fool, nobody's fool
I'm no fool, nobody's fool
Never again, no no, nobody's fool
I'm no fool, nobody's fool
Never again, no no
