When I wake up early in the morning
Until I go to bed at night
Peace is allways what I dream of
It's it somewhere inside
So tonight ill close my eyes
And fly so high cross the skies
With the world held in my hands
sing to souls throughout the land

If I became a star I tried so hard
To move this world with my heart
Singing songs of hope and peace
So people know it can be achieved
So tonight I sing my song for the world

When Im in bed and Im dreaming
Of how it could be without war
No more fighting no more hurting
And no more suffering anymore
I hope that all around the world
Every boy and every girl
Will sleep tonight peace and love
In their hearts forever more

If I became a star I tried so hard
To move this world with my heart
Singing songs of hope and peace
So people know it can be achieved
So tonight I sing my song for the worldâ€¦
For the worldâ€¦

If I became a star I tried so hard
To move this world with my heart
Singing songs of hope and peace
So people know it can be achieved
So tonight I sing my song for the worldâ€¦
So tonight I sing my song for the world
