They call you Thelma, I'm Louise.  
We are young and we're at ease.  
And if you run I'll be your cover,  
If you push I'll push it further  
And we won't stop, we can't stop.  
We won't stop, can't, can't stop, won't, won't stop,  
can't,  
We can't stop, won't, we won't stop, can't, can't stop,  
won't,  
We won't stop, can't, we won't stop  
And I'm walking right beside you,  
You are always right behind me.  
You are Thelma, I'm Louise,  
We are young and we're at ease  
No we won't stop, we can't stop, we won't stop.
