I'm not much on mystery  
Yeah you gotta be careful what you dream  
I thought this might pass with time  
Yeah I thought I was satisfied

But oh baby let me tell you, I got a thing about you  
Baby let me tell you, I got a thing about you  
It don't matter what you say  
It don't matter what you do  
I , I, I got a thing about you

Somewhere deep in the middle of the night  
Lovers hold each other tight  
Whisper in their anxious ears  
Words of love that disappear

But oh baby let me tell you, I got a thing about you  
Baby let me tell you, I got a thing about you  
It don't matter what you say  
It don't matter what you do  
I , I, I got a thing about you

Baby you own some strange control over me  
Yeah it's so wild it hypnotizes me

But oh baby let me tell you, I got a thing about you  
Baby let me tell you, I got a thing about you  
It don't matter what you say  
It don't matter what you do  
I , I, I got a thing about you
