She met this guy  
She thought was kinda goodlooking  
Yes, she met this guy  
She thought he was funny sometimes

He's momma and daddy had a little money tucked  
away  
There was something about  
To come down the line  
To come down the line

He had a job that you couldn't call a working  
She had Cuban boyfriend out of town  
She do anything in the world not to hurt him  
Oh, on down the line  
Imagine that  
Oh, on down the line

Well, the old man caught her  
He moved out last summer  
Yeah, she was down for awhile,  
But she came around with time

She met a guy at work  
She thought was kinda goodlooking  
On down the line  
Down the line  
Down the line

Right down the line  
Oh, on down the line  
Oh, on down the line
