I'm goin' down to the house in the woods  
See my little darlin'  
I'm goin' down, out in the fields  
With summertime comin'

Oh my love, what can I do  
What can I do but love you?  
For the rest of my days, the rest of my nights  
What can I do but love you?

Summertime falls on the house in the woods  
Back by the power lines  
I ain't got a neighbor for nine or ten miles

Back in the tall pines

And hey, now baby, what can I do?  
What am I goin' to do but trust you?  
The rest of my nights, the rest of my days  
What can I do but love you?

Hey now baby, what can I do?  
Waht am I goin' to do but love you  
For the rest of my days, the rest of my nights  
What could I do but love you?
