Tom Petty & The Heartbreakers - Lost Without You

It was November, I went out walking  
I was just outside of town  
I was wondering what I was gonna do with myself today  
I was wondering what was gonna come down

I found myself thinkin 'bout you and me  
And the future ahead  
But you were just thinking 'bout some boy 'cross town  
I was already dead

But I'm lost without you  
I'm lost without you  
I'm lost without you  
I'm lost without you

I kept on walking, kept on thinking  
The sky was turning grey  
Why does everything have to be so hard  
Must be some other way

I wanted to talk about it, I wanted to talk 'bout you and  
me  
And what could have been  
Honey loving you too much  
Was my only sin

I'm lost without you  
I'm lost without you  
I'm lost without you  
Lost

One of these days I'm gonna get my shit together  
Stop screwing up  
One of these days I'm gonna put my whole life in order  
baby  
Stop screwing up  
One of these days everything is gonna get better  
I'm gonna stop screwing up  
One of these days I'm gonna put my life in order

Do what I shoulda' done  
And one of these days everything will get better  
You won't have to worry no more (Think about that  
baby)  
One of these days everything will get better  
And you won't have to worry no more  
You won't have to worry, you won't have to worry no  
more  
And one of these days I'm gonna get my life in order  
baby  
Stop screwing up

But I'm lost without you  
I'm lost without you  
I'm lost without you  
I'm lost without you

Honey I'm lost, lost, lost, lost, lost, lost, lost  
Baby I'm lost, lost, lost, lost, lost, lost

One of these days I'm gonna get my shit together, stop  
screwing up
