There was a girl I knew  
She said she cared about me  
She tried to make my world  
The way she thought it should be  
Yeah, we were desperate then  
To have each other to hold

But love is a long, long road  
(Love)  
Yeah, love is a long, long road  
(Love)

There were so many times  
I would wake up at noon  
Yeah, with my head spinning 'round  
I would wait for the moon  
And give her one more chance  
To try and save my soul

But love is a long, long road  
(Love)  
Yeah, love is a long, long road  
(Love)

Yeah, it was hard to give up  
Somethings you have to let go  
Somethings you never realised  
I guess I only could hold  
For maybe one more chance  
To try and save my soul

But love is a long, long road  
(Love)  
Yeah, love is a long, long road  
(Love)

Love is a long, long road  
(Love)  
Yeah, love is a long, long road  
(Love)  
Oh

(Love)  
Love is a long, long road  
(Love)
