I's in love with a girl on marijuana  
She said if i'm not stoned I don't wanna  
But she got so paranoid  
Her place I would avoid  
I's in love with a girl on marijuana

I's in love with a girl on cocaine  
She had everything going but her brain  
We'd talk endlessly for hours  
But by morning I'd go sour  
I's in love with a girl on cocaine

Through extacy, crystal meth and glue  
Found no drug compares to you  
With all these pills  
And all this weed  
I don't know just what I need

I's in love with a girl on l.s.d.  
She'd see things i'd never see  
She broadened her perspective  
Then I got more selective  
I's in love with a girl on l.s.d.

Through extacy, crystal meth and glue  
Found no drug compares to you  
With all these pills  
And all this weed  
I don't know what I need

I's in love with a girl who drank beer  
Till bad breath and all she disappeared  
She was blowing up real bad  
But when she left I was still sad  
I's in love with a girl who drank beer

I's in love with a girl on china white  
We were married for a year one night  
Her memory still lingers  
Cause I burned all my fingers  
I's in love with a girl on china white

I's in love with a girl who drank coffee  
There was times when I couldn't keep her off me  
That caffeine got her going  
But her ugly side was showing  
I's in love with a girl who drank coffee

I's in love with a girl who was a dealer  
I's afraid some body'd come and steal her  
We never used to fight  
But the phone rang day and night  
I's in love with a girl who was a dealer

Sure as hell  
She got popped by the big guys
