Written by: Tom Petty

(Chorus)

I wanna make that connection
That connection to you
I wanna make that connection
That connection to you

Oh, What would I do
Oh what would I do babe
I have this feeling it's never, ever, ever explained
I'm afraid a part of my heart
Will always feel misunderstood, babe
I would never know,
I never meant to drive you away
What's wrong?

(Chorus)

What would I give
If I could have you now
Baby what would I give
To see your smiling face again
Oh, girl, there's nothing I would not do
No river I would not swim
No mountain I would not climb, babe
If I could have you once again

(Chorus)

Tell me babe
Is it something I might have said
Is there something I might have done wrong
Change your mind
Tell me babe
Is it something I've have said
Is it something I could have done
Honey somehow, let me right all your wrongs

(Chorus)

Oh what would I give

If you would just tell me one thing
Honey, what would I give
If you would stroke my hand with your brow
Or whisper sweet things into my ear
I would smile like a baby
I would be happy like a child
If I could have you right here, right here, right here,
right here

Right, right, right here with me now

I wanna make that connection
That connection to you
I wanna make that connection
That connection to you
I wanna make that connection
That connection to you
I wanna make that connection,
What's Wrong?!
That connection to you
I wanna make that connection
