Had it all and you didn't know  
Had to try for a little more  
Baby gets me downâ€”When you lead me around  
And we come up nowhere

Well it's half mine and it's half yours  
Got half of what I deserveâ€”Baby you were so  
coolâ€”When you're in school  
How'd you come up nowhere?

I feel nothing but an empty roomâ€”You see you'll be  
lonely tooâ€”Honey you tell me what am I supposed to  
doâ€”I've got all this time invested in youâ€”Did you  
walk me through hell just to finally break through?  
To nowhereâ€”To nowhere

Well it's half mine and it's half yours  
I got half of what I deserveâ€”Baby you were so  
coolâ€”When you're in school  
And it gets me down when you lead me round  
And you come out of nowhereâ€”You come up nowhere
