Well, the moon sank as the wind blew  
And the streetlights slowly died  
They call you wild one, said stay away from her  
Said she could love no one if she tried

But then something I saw in your eyes  
Told me right away that you were gonna have to be  
mine  
When the strangest feeling came over me down inside

I knew right away I'll never get over how good it felt  
When you finally held me, I will never regret  
Baby, those few hours will grow in my head forever

It was too bad but I want you to know I understand  
Yeah, it's been a long time but I don't mind  
Yeah, it's alright, I understand

Because something I saw in your eyes  
Told me right away that you were gonna have to be  
mine  
When the strangest feeling came over me down inside

No matter what it takes I will never get over how good it  
felt  
When you finally kissed me, I will never regret  
Baby, those few hours may grow in my head forever  
And they grow up
