Written by: Tom Petty

Baby, baby  
I don't understand  
I hope you never take a swing across town  
That would leave me stranded  
Oh, little honey pie  
There's a lot of people lonely  
I've had a few of them scratchin' my back  
Wantin' to control me  
They say only fools believe  
Anything is guaranteed  
But when I need you  
Baby you come through  
When I need you  
Baby you come through

Oh baby  
Nothin' will console me  
I could use somebody scratchin' my back  
How high will you hold me?  
I could never quite believe  
Anything is guaranteed  
But when I need you  
Baby you come through  
When I need you  
Baby you come through

Hey

Hear me knockin' on your door  
Oh what's the matter baby  
I guess that's what friends are for

Baby, baby  
I'm about to lose it  
Little girl it isn't easy  
Can you get me through it  
They say only fools believe  
Anything is guaranteed  
But when I need you  
Baby you come through

When I need you  
Baby you come through  
When I need you  
Baby you come through  
When I need you
