"Alright All Night"

We don't see no place for hatred
Real life's too good to waste it
No-one here's afraid to face it
Take it while we can
Keep a space for other faces
Keep the faith and never break it
Now you're round we're bound to make it
Whole world in your hands

Alright all night
Everybody understands
Alright all night
We've got the whole world in our hands

Debt collection, high connection
Gonna get some insurrection
Time to set some fresh direction
Whole world in our hands

Let them run for re-election
Let them get police protection
Cash injection, state correction
Just won't mean a damn

Alright all night
Everybody understands
Alright all night
We've got the whole world in our hands
