Meeting up in a timewarp  
Dreaming pie in the sky  
All too soon we change our tune  
And don't see eye to eye  
Raking over the embers  
Trying to fan up a flame  
Ten years on the heat has gone  
But the sparks start flying again

I hoped we could live and let live  
You soon shattered the spell  
Looks like love is not enough  
We know each other too well

Trust me... trust you  
Trust me... trust you

One last chance to start over  
A final bite at the cake  
We made our stand, played our hand  
But it's way too little too late  
Too much suspicion and bitching  
Too many wearying games  
Time and tide have passed us by  
While we drive each other insane

Same old arrogance on my side  
Same old stupid mistakes  
Same old jealousy on your side  
Same old slap in the face

Trust me... trust you  
Trust me... trust you

There's nothing that I could try to be or do  
Would make my behaviour seem okay to you

Same old arrogant behaviour  
Same old stupid mistakes...  
Same old terror and resentment  
Same unbelievable waste...

Trust me... trust you  
Trust me... trust you
