Girl we've been through some hard times before
Still we've made it through the years
You know it's true, whatever lies in store
We've faced troubled times
But we won't look behind, because

Bridge:

Girl, when I think about our love and what it means
I know that you are the answer

Chorus:

I keep coming back to you
Heal me one more time
I keep coming back to you
You're the reason why (the reason why)
The reason I (the reason I)
I've got to keep this love alive (alive, alive, alive)
Oh, gotta keep this love alive (alive)

Gotta keep this love alive, forever

I don't know why my faith gets so low
I'm helpless to control my fears
I turn to you and somehow I know
No matter how far I fall
You will answer my call, because

(Repeat Bridge and Chorus)

I've got to try (keep this love alive)

When I'm weary
Need you near me
I keep coming home to you

[Solo]

(Repeat Bridge and Chorus)

Yeah, keep this love alive (alive, alive)
Oh ahh, gotta keep this love alive (alive, alive)

Forever and ever (alive, alive)
Yeah, keep this love alive
