Everything's pretty in Worcester City
The kids are too many and they don't know what to do,
Now they're bored and they've got to get that job
That will take your life away from you
Hop a train to the K'minster
Money's only wasted when you need a good bass amp
What you going to do now you've got no money
It's a long way now that you've got to get back

Yeah now I've got a point of view
I hope that it's offending you
I'm just some guy that wants to live
A decent life and I don't give
At all if you think you hate me
You're not someone that I envy,
So go be cool don't get a clue
I never want to be like you

Now I'm back and awake in the city
I'm tired and sitting next to someone, don't know what
to do
Now everything's alcohol
And I don't see how but we're going to start a fire

Yeah now I've got a point of view
I hope that it's offending you
I'm just some guy that wants to live
A decent life and I don't give
At all if you think you hate me
You're not someone that I envy,
So go be cool don't get a clue
I never want to be like you

Everything's telling me "faithful city"
Or is it apathetic well John Adams said that's so,
Come with me and I'll take you to the sky
Shower of stars for a midnight show

Yeah now I've got a point of view
I hope that it's offending you
I'm just some guy that wants to live

A decent life and I don't give
At all if you think you hate me
You're not someone that I envy,
So go be cool don't get a clue
I never want to be like you
