Who'd have thought this is how the pieces fit
You and I shouldn't even try making sense of it
I forgot how we ever came this far
I believe we had reasons but I don't know what they
are
Don't blame it on my heart, oh

Love moves in mysterious ways
It's always so surprising
When love appears over the horizon
I'll love you for the rest of my days
But still it's a mystery
How you ever came to me
Which only proves
Love moves in mysterious ways

Heaven knows love is just a chance we take
We make plans but then love demands a leap of faith
So hold me close and never never let me go
'Cos even though we think we know which way the river
flows
That's not the way love goes, no

(Repeat chorus)

Like the ticking of a clock two hearts beat as one
But I'll never understand the way it's done, oh

(Repeat chorus)

Love moves... in mysterious ways....
