Make we bounce  
Bouncing sensation with a party intention  
Your time to bounce and I mean every ounce  
Watch it  
Bounce to the music  
Bounce to the music  
Bounce to the music  
Bounce to the music (Touch down)  
Bounce to the music  
Wake up! It's time to bounce  
So make it count, everybody bounce (You bounce to the  
rhythm and I mean ev'ry ounce)  
Get fresh with attitude from your longitude to your  
latitude  
Bounce to the music  
Bounce to the music  
Bounce to the music  
Bounce to the music (Bounce to the rhythm and I mean  
ev'ry ounce)  
I'd like to talk to people them before it get too late  
This is your big hip-hop-portunity to bounce and shake  
Everybody get excited when they hear this announce'  
That this here is their time to do the Tip Top bounce  
Here the temperature was rising while the body  
bouncin' higher  
The way it feel, you'd think that the place is on fire  
Like animal on the rhythm, now it's your time to bounce  
You just listen to the rhythm, shake your body and  
bounce  
Tip top! Gonna feel so good  
Gonna get on up like you knew you would (Bounce whit  
your body like you know that you should)  
Shake down! Get up to speed  
Gonna get what you need, so let it bleed  
Bounce to the music  
Bounce to the music (Wicked)  
Bounce to the music  
Bounce to the music (Feel free to bounce, you have  
nothing to lose)  
Me say the drummer, him drummin', bass one, she  
rockin'  
The two o' them a' playin' the rhythm, ting-a-ling-ling

The drummer, him drummin', bass one, she rockin'  
The two o' them a' jump' an' swing, hear me now  
Me say the temperature is rising while the body  
bouncin' higher  
The way it feel, you'd think that the place is on fire  
(Wicked)  
The two o' them a' throwin' the rhythm, now it's your  
time to bounce  
You just listen to the music, shake your body and  
bounce  
Take it up to the next level  
Pump it up another decibel (We not gonna make no  
trouble)  
Shake it up! Gotta make it move  
Gonna getcha in the mood of a funky groove (Feel free  
to bounce, there is nothing to lose)  
Get down to the ultra sound of the mega beat bounce  
of the underground (Move down)  
Give it up for the turntables  
We be musical vegetables (Touch down)  
Bounce to the music  
Bounce to the music  
Bounce to the music (Feel free to bounce, you have  
nothing to lose)  
Bounce to the music
