This city's a drag, nothing much goin' on
Things seem to be the same day after day
Mondays never end, Friday nights never come
Same old story again, let's get out of here

Right now, wanna live, right now
Right now, wanna feel, right now

Feel it happenin' all around me
Feel the town as it's flashin' by
Feel that this is the way it should be
Feel the fire of life inside

Let's head for the coast, better split right away
Make up your mind really fast - I'm leavin' today
Just can't hang around, and you talkin' like this
Got to say what you feel but do what you say

Right now, wanna live, right now
Right now, wanna feel, right now

Feel it happenin' all around me
Feel the town as it's flashin' by
Feel that this is the way it should be
Feel the fire of life inside

Feel it happenin' all around me (right now)
Feel the town as it's flashin' by (right now)
Feel that this is the way it should be (right now)
Feel the fire of life inside (right now)

Right now, wanna live, right now
Right now, wanna feel, right now

Feel it happenin' all around me (right now)
Feel the town as it's flashin' by (right now)
Feel that this is the way it should be (right now)

Feel the fire of life inside (right now)

Right now, wanna live, right now

Right now, wanna feel, right now

Feel it happenin' all around me (right now)

Feel the town as it's flashin' by (right now)

Feel that this is the way it should be (right now)

Feel the fire of life inside (right now)
