I'm tired of the world outside
It seems like all the fun's gone away
I wonder will there ever be times again when love... free
Oh baby mm baby

I shouldn't worry it will all work out
Won't let the evening news bring me down
No matter what the papers might say
Tomorrow's gonna be a right through day
This is a world for lovers a world for us

Chorus:

There's no end to our love
No end to the dreams we share
No end to our love
It last through this worlds despear
There's no care

Some saying we're heading for nuclear war
And that our children arn't safe anymore
There's so many rumours that's around everywhere
Sometimes I feel that grow in...
Oh baby mm baby

I think you know what I'm feel inside
Cause you're right we got some real crazy times
It seems like there's no good in there left
But one thing I know for sure
This is a world for lovers a world for us

Chorus:

There's no end to our love
No end to the dreams we share
That's no end to our love
It last through this worlds despear
There's no care

We got to believe we got to be strong

Chorus:

There's no end to our love
No end to the dreams we share
There's no end to our love
It last trough this worlds despear
There's no end to our love
No end to the dreams we share
There's no end to our love
It last trough this worlds despear
There's no end to our love
