A city falls asleep, I lay awake  
Running through mistakes I made  
Words I didn't say  
There's nothing to feel  
These holes that you left  
I'm trapped inside them lost and broken  
In these steps  
Without you I forgotten who I am  
I'm learning how to live all over again  
Everything I see reminds me of you

I keep waiting for you  
I keep reaching for you  
I keep waiting Yeah Yeah  
I keep waiting for you  
I can't move forward  
I keep waiting  
I keep waiting for you

I can't retrace these footsteps you left  
I'm walking down this road again  
This road that never ends  
And I walk alone with your voice in my head  
Hunting me and telling me I won't see you again  
Holding up these walls that are caving in  
Got pictures in my mind that I can't forget  
Everything I see leads back to you

I keep waiting for you  
I keep reaching for you  
I keep waiting Yeah Yeah  
I keep waiting for you  
I can't move forward  
I keep waiting  
I keep waiting for you

But one day I will walk away  
From these twisted games that I play  
And I start to move forward again

All the stars that light the sky  
Looking at me with your eyes

I know I shouldn't but I'm waiting for you  
I keep waiting  
I keep waiting for you  
I keep waiting Yeah Yeah  
I keep waiting for you  
I can't move forward  
I keep waiting  
I keep waiting for you
