ALICE LONG

Tommy Boyce & Bobby Hart

You're still my favorite girlfriend

Alicew Long

And I don't forget about you

When you're gone

Even though right now you feel you don't belong

You're still my favorite girlfriend

Alice Long

We both agreed that to get along

To talk things over as they come up

So if you think we don't see each other enough

Then let's talk it over

When we're together

Nothing can keep us apart

But if I ever forget to (??-unclear)

But whatever

You're still a part of my heart

Can't you see

Can't you see

Oh you're still my favorite girlfriend

Alice Long

But you can't hold on to love by holding on

When I am with you girl or when I'm gone

Just remember

You're still my favorite girlfriend

Alice Alice Alice Alice Alice Alice (fading into
instrumental interlude)

You're still my favorite girlfriend

Alice Long

And I don't forget about you

When you're gone

Even though right now you feel you don't belong

You're still my favorite girlfriend

You're still my favorite girlfriend

You're still my favorite girlfriend

Alice Long

(instrumental music fading out)
