(Verse 1 - Tommy C)

Never should've let you go  
Never found myself at home  
Ever since that day that you walked  
Right out the door

You were like my beating heart  
That I, I can't control  
Even though we've grown apart  
My brain can't seem to let you go

Thinking back to the old times  
When you kept me up late at night  
We use to mess around  
Laugh and play, fuss and fight

(Pre-Chorus)

I guess it's too late, I'm dancing this dance alone  
This chapters done, the story goes on

(Chorus)

Baby  
Can't believe that you are not with me  
'Cause you should be my lady  
All I want is to set your heart free

But if you believe that you belong with him  
Promise me, you won't let anyone hurt you  
Remember, I will always be here for you  
Even if it kills me to see you

In that wedding dress  
Oh see you in that wedding dress  
See you in that wedding dress  
Oh see you in that wedding dress

(Verse 2)

Snappin out this misery  
Depression this aint me  
But I always turn around  
180 degrees

You got control of me  
And I, I can't explain  
Somebody call 911 Emergency  
Before I go insane

Since you've moved on  
You took a piece of me give it back  
So much pain in my chest  
Blacking out, heart attack

(Pre-Chorus)

I guess it's too late, I'm dancing this dance alone  
It's too late

(Chorus)

Baby  
Can't believe that you are not with me  
'Cause you should be my lady  
All I want is to set your heart free

But if you believe that you belong with him  
Promise me, you won't let anyone hurt you  
Remember, I will always be here for you  
Even if it kills me to see you

In that wedding dress  
Oh see you in that wedding dress  
See you in that wedding dress  
Oh see you in that wedding dress

(Verse 3 - J.Reyez)

And I see you with your man  
And it's hard to understand  
If we belong, if I did you wrong,  
Where we even began  
We would always fuss and fight  
And it seems nothing was right  
But I loved you girl and you were  
My world but you'd never trust this guy  
'Cause the things I do when  
I'm on the stage,  
They say I'm a superstar  
You couldn't understand all  
The female fans  
And then we grew apart  
And I just don't get when  
You're acting like some other person  
But I try my best to hold on  
At the times when it ain't working  
And everytime that you say

It's over it breaks my heart  
And I don't know why  
'Cause you've done it a lot  
Of times in the past  
But I get back up and try  
You said we could work it out,  
How could you hurt me now  
And you moved on to the next,  
I'm left with an imperfect smile

But if you believe that you belong with him  
Promise me, you won't let anyone hurt you  
Remember, I will always be here for you  
Even if it kills me to see you

In that wedding dress  
Oh see you in that wedding dress  
See you in that wedding dress  
Oh see you in that wedding dress  
Oh no...
