Last night I went to bed with my head on a street corner  
curb  
Some kinda fool kicked me awake and I thought it was  
an elephant herd  
Well I made it to flathouse paid my last to lay my body  
down  
Check out time came too soon be broken and blew  
downton  
And I said hey hey woman come see what's left to your  
man  
Hey hey woman come see what's left to your man

Yeah I woke up this morning had me two hundred  
dollars with the shakes  
Took me two days to drink up a check but it took me  
two weeks to make  
Well I got two days of whiskers gotta have a drink  
before I shave  
I'm shakin' so bad and I'm cut and thrown and I ain't  
ready for my grave  
And I say hey hey woman...

Well if I ever get back on my feet I ain't never gonna  
drink no more gin  
Hey there boy show me a little mercy let my head mole  
jump back again  
Well all right you stufferin' fools I'm a best worker you  
ever had  
If you don't want me diggin' in your ditch it sure ain't  
gonna make me mad  
I say hey hey woman...  
Hey hey woman...  
Hey hey woman...
