I always thought if I'd lost you I'd die  
Well now that time has come we've said goodbye  
I know I won't forget but I'll forgive and if the world  
don't end I guess I'll live  
I know now losing you's not gonna kill me although at  
times I guess I wish it would  
And I know I'll miss the lips that used to thrill me  
But the lesson that I've learned will do me good  
Any heart could sometimes go astray and I know that I  
should look at this that way  
And I know that I gave all I could give so if the world  
don't end I guess I'll live  
[ ac.guitar ]  
I know now losing you's not gonna kill me...  
So if the world don't end I guess I'll live
