Your sweet love has made me the man that I am
Your smiles and your kisses are my helping hand
And as long as you love me I'll always be true
Yes I owe the world to you
With you love is always brand new
And there's no loneliness just pure happiness
Yes I owe the world to you

Yes I owe the world to you yes I do
With you love is always brand new
And there's no loneliness just pure happiness
Yes I owe the world to you

There were times when I thought about just giving up
And a world full of nothing just a string of bad luck
And you came along right out of the blue
Now I owe the world to you

Yes I owe the world to you yes I do
With you love is always brand new
And there's no loneliness just pure happiness
Yes I owe the world to you
And there's no loneliness just pure happiness
Honey I owe the world to you
