Lady I love you I really love you I want you to spend  
your life with me  
Lady I love you no one's above you I need your love to  
make my life complete

Life's too short to live it lonely the road of life's too  
hard to walk alone  
To take my hand and walk it with me don't look back  
and just be movin' on  
Lady I love you I really love you...  
[ steel ]  
We find true love peace and happiness we wouldn't  
trade that for all the best  
A wordly pleasures gold and treasures so stand beside  
me your sweet love guides me  
Lady I love you I really love you...  
I need your love to make my life complete
