I won't go searching for a new love I know I could never find  
Cause since you walked into my world you've been the ruler of my life  
When you hold me I can feel your love so true and real  
And in your arms is still the only place for me  
In your arms is still the only place for me  
Oh in your arms is where I'll always want to be  
And you don't need to worry cause your love is all I need  
And in your arms is still the only place for me  
[ piano ]  
When I wake up every morning I find an angel by my side  
I live my life for you because you keep me satisfied  
It takes you to make me happy I want everyone to see  
That in your arms is still the only place for me  
In your arms is still the only place for me...  
In your arms is still the only place for me
