I don't want to disappoint you I hate to see you cry
But I've got to move along or I'll die
I never could stand still and I guess I never will
Like the wind I'm the ramblin' kind like the wind I'm the
ramblin' kind
I know you wonder where I go and if I could I'd tell you
so
I'll ride a line at times to let you know
Now don't you sit and cry the tears just burn your eyes
Hold your head high and watch the time fly by
I'm the ramblin' kind running free wild and blind like
the wind I'm the ramblin' kind
[guitar]
I may be back some day if I can find my way
Look for me but don't hope that I'll stay
I told you when we met that you should not forget
Like the wind I'm the ramblin' kind like the wind I'm the
ramblin' kind
I'm the ramblin' kind running free wild and blind like
the wind I'm the ramblin' kind
Like the wind I'm the ramblin' kind
