She's got my love and gone again got my love and
gone again
Got my love and gone again that woman's as wild as
wild wild wind

I woke up and placed my hand where she oughta be
But there was just an empty pillow looking back at me
I know I love that woman more than anybody can
But it's so hard to love someone with a doorknob in her
hand

She's got my love and gone again...

[guitar]

I looked out my window and what did I see
Nothing but my baby's footprints a walkin' away from
me

She said she was sorry and she'd come home to stay
And we'd make up our lost time loss but that was
yesterday

She's got my love and gone again...
