

Tommy Charles "After School"

Visit "[After School](#)" on MotoLyrics.com

After school I wait for you
At the place I always do

Yesterday
You said we were through
Now I wonder
If you'll be there too

It's so hard to wait
Til my classes are through
But I won't mind
If I know I'll see you

After school
Please make it a rule
To meet me each day
After school

It's so hard to wait
Til my classes are through
But I won't mind
If I know I'll see you

After school
Please make it a rule
To meet me each day
After school

After school
