Well, there's one thing  
I'd like to rearrange  
But after everything's already happened  
And there's nothing left to change

They can take their advice  
And use it all on themselves  
Cause when all the talking stops  
I want to have something else

I want to have a little faith  
I want to know what a guy and a girl  
Can do when they're dizzy  
Cause they're just not  
Spinning with this world

(CHORUS)  
If we never meet again  
If goodbyes remain unspoken  
I won't glorify our past  
But our bond remains unbroken  
If we never meet again

Well there's one thing  
That I'll never forget  
It's the beauty of a friendship  
That's not over yet

I know how just one smile  
Can be planted like a seed  
And I want to do that for somebody else  
The way it was done for me

I want to have a little faith  
There's something better  
At the end of this path  
But these memories get old  
And fade like photographs

(CHORUS)

Well, there's one thing I'd like to even up

You can be what they've made you into  
Or you can make your own luck

You can't blindly fight your enemies  
You can't blindly follow your friends  
I've seen it happen so many times  
I know it's gonna happen again

But I gotta have faith  
I gotta know that a guy and a girl  
Can still make it even when they're  
Just not spinning with this world

If we never meet again  
If goodbyes remain unspoken  
I won't glorify our past  
But our bond remains unbroken

(CHORUS)
