It's an old world, old world  
It's an old world  
It's an old world, old world  
It's an old world

It's an old world, old world  
It's an old world  
I devise a better way to be  
Maybe not for you  
But it may be for me

It's a new world, new world  
It's a new world  
It's a new world, new world  
It's a new world

It's a new world, new world  
It's a new world  
A new world, new world  
It's a new world

I devise a better way to be  
Maybe not for you  
But it may be for me

It's a new world, new world  
It's a new world  
A new world, new world  
It's a new world
