In the blue of evening
When you appear close to me, dear one
There in that dusk we'll share a dream reverie

In the blue of evening
While crickets call and stars are falling
There 'neath the midnight sky you'll come to me

In the shadows of the night we'll stand
I'll touch your hand and then
Softly as your lovely eyes entreat, our lips will meet
again

In the blue of evening
Night winds above whisper "I love you"
There we will find romance in the blue of evening
