I know this will not remain forever
However it's beautiful
Your eyes, hands and your warm smile
They're my treasure
It's hard to forget
I wish there was a solution
Don't spend your time in confusion
I'll turn back now and spread

*My broken wings still strong enough to cross the
ocean with
My broken wings how far should I go drifting in the
wind
Higher and higher in the light
My broken wings still strong enough to cross the ocean
with
My broken wings how far should I go drifting in the
wind
Across the sky, just keep in flying

keisoku no dekinai itamito keisoku no dekinai jikan no
nagarega
subete wo uzumete shimaou toshitemo
soredemo watashini kanji rareru
sorakara ochite kurunowa arewa amedewa nakute

Did I ever chain you down to my heart
Cause I was afraid of you?
No, I couldn't hold any longer
Love is not a toy
Let go of me now
The time we spent is perpetual
Our future is not real
So I'll leap into the air

*My broken wings still strong enough to cross the
ocean with
My broken wings how far should I go drifting in the
wind
Higher and higher in the light
My broken wings still strong enough to cross the ocean

with
My broken wings how far should I go drifting in the
wind
Across the sky, just keep in flying

Sorakara ochite kurunowa arewa amedawa nakute
