Before me there's a silver frame  
You and me shining crystal eyes  
The future is here in my eyes

Come on, let's kiss the world  
Dreaming a diamond  
brightening in the sunny light

\* I'll be your angel  
Whenever, fly to you  
I think of destiny  
Eternity to me  
You think the same...yeah

I'll be your angel  
I send my love for you  
I send my words of love  
The weekend, I can't wait  
'Cos happy birthday to you  
Baby, I'm ready for you

You and me shining crystal eyes  
When the sun is going down...

Come on let's kiss my dreams  
We make our diamond  
sparkling in our sugar world

I'll be your angel  
Whenever, fly to you  
I think of destiny  
Eternity to me  
It's all my life

\*\* I'll be your angel  
I send my love for you  
I send my words of love  
I'm writing special cards  
'Cos happy birthday to you  
Tonight, I'm waiting for you

If you're in a scary dream  
I'm flying over stars in the sky  
Hey baby, you're never alone  
"Always with you"

\* repeat

I'll be your angel  
I send my love for you  
I send my words of love  
So baby I can't wait  
Say "Happy birthday!"

\*\* repeat
