Oh lord  
Why did you make me (human) human  
I've gotta laugh  
I've gotta cry  
I've got to live whoa  
I've got to die (human)

And oh lord  
Why why did you make me human  
I've got the best girl in the world  
But make her understand that I'm only a man  
Human

When I made the tears fall from her eyes  
Forgive me 'cause I apologize  
Oh and when I break her heart and tear it all apart  
Forgive me I'm only human

And oh lord  
Why why did you make me (human) human  
I've gotta work every day  
So little love so little pay

And I'm just human  
Mmm I'm just human
