Crying, big fat mama, meat shaking on her bones  
Time the meat shake, it's a skinny woman  
lose a home

Well, I'm going away, mama, won't be back till fall,  
won't be back till fall, mmmm  
Going away, mama, won't be back till fall, big fat  
mama with the meat shake on her bones

Well, aaah, mmm, got to murmur, got to murmur low,  
mmm  
No need to holler, I got to murmur low  
Big fat mama, Lord, meat shake on her bones

Every time the meat shake, fat mouth lose a home, fat  
mouth lose a home, mmm  
Time the meat shakes, it's a fat mouth lose a home  
Time the meat shakes, it's a fat mouth lose a home

Mmm, what's the matter rider?  
Where did you stay last, where did you stay last night,  
mmm?  
What's the matter rider?  
Where did you stay last night?  
Hair all down, baby, and you won't treat me right

Note 1: skinny woman, skinny women, during this  
period, were considered unattractive.
