**(feat. Andrew McMahon of Something Corporate)**

I need you  
I need so much  
I need you  
Get me out of this place  
I need you  
With the lightning this close  
I can see  
There so much in this world make believe  
And this ticking clock isn't for me  
And still nobody knew  
I need you

I need you in my blacker days  
I need you when the walls coming down  
I need you  
Through this hole in my chest I can feel  
That so much in this world isn't real

And there's something that you cannot steal  
Tell me what can I do I need you

And the sun would rise  
In the jasmine skies  
And I'm lying awake in your bed  
Sometimes I don't remember  
Why cant I forget  
I need you

I need you theres so much in this world that is true  
No not much I'm not willing to do  
I cant be without you  
I need you  
I need you

I need you  
I need you  
I need you  
I need you  
I need you

I need you  
I need you
