Babe, I feel so worried
Yes, an I feel so low
Babe, I feel so worried
Yes, an I feel so low
'Cause I b'lieve you been out
With Mr. So and So

Now baby, all right you got change
Please get outta my face
Now, I guess yo' rights just got a change
Please get outta my face
'Cause I got myself a brand new woman
Yeah, goin' to take yo' place

Woo-ooo! Babe
You know that sho' ain't right
Woo-ooo, babe
You know that sho' ain't right
Stay off half-a-day
You don't come home a'tol at night

'Play that, son'

(guitar)

Yea-ha!
Stay gone part-a-day
An you know you don't come home
A'tol at night.

'Play it a little bit'

(guitar)
