I'm staring down this empty street
And it's cold but I am walking
To the place where all roads meet

And it's just the past and me
A tattoo and a scar
And the man in the TV

Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally
letting go
It's time to say goodbye

So down this road I travel now
Pass broken buildings where I look for truth
But were they true to me? No

Every step is stepped with doubt
But still I walk here trying to find some peace
Will I find peace?

Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally
letting go
It's time to say goodbye

Nothing's gonna stand in my way
No, nothing, no, nothing will stand in my way
Nothing's gonna stand in my way, yeah, hey

Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally
letting go
It's time to say goodbye

Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally

letting go

It's time to say goodbye, it's time to say goodbye
