I was the one who let her go  
Let her down when I let her know  
That our dreams were not the same  
I let her walk away  
Without a word, without a fight  
And she moved on to her new life  
As for me, I don't look back  
On what we had  
Those days are gone  
And life goes on

And yet  
I wonder does she ever dream of me  
Late at night  
I guess  
There will always be some choices in this life  
That we regret  
I know we'll never love again  
And yet

If it had gone another way  
And she were her with me today  
Would we both be happy now  
Without a single doubt  
That our love was strong enough  
To outweigh what we gave up  
I guess we'll never know  
But I really don't think so  
'Cause right or wrong life must go on

And yet  
I wonder does she ever dream of me  
Late at night  
I guess  
There will always be some choices in this life  
That we regret  
I know we'll never love again  
And yet
